SURVEY QUESTIONS

Survey Questions

The following survey questions were prepared to gather employee feedback and improve overall workplace engagement.

Job & Role

1. How satisfied are you with your current role?
2. Do you feel valued at your workplace?
3. Do you feel motivated to perform your best at work?
4. Do you feel your skills are properly utilized?
5. Overall, how satisfied are you with your workplace?

Work Environment

1. Are you satisfied with communication from management?
2. Are you satisfied with your work-life balance?
3. Do you receive recognition for your work?
4. Is your workload manageable?
5. Do you feel supported by your manager?

Growth & Culture

1. Are growth and learning opportunities available?
2. Do you feel comfortable sharing your ideas?
3. Are you satisfied with team collaboration?
4. Are you satisfied with company policies?
5. Would you recommend this organization to others?

ANALYSIS

Survey Analysis Report

1

Overall Engagement

Based on the survey responses collected from five participants, the overall employee engagement level appears to be positive. Most employees expressed satisfaction with their job roles and workplace environment.

2

Communication & Collaboration

Employees reported good communication with management and positive team collaboration, both of which contribute to a supportive work environment.

3

Areas for Improvement

Some employees indicated that recognition and growth opportunities could be improved. Management should focus on employee appreciation programs and career development opportunities.

4

Work-Life Balance

Work-life balance received mostly positive feedback, indicating that employees are generally satisfied with workload distribution and feel supported by their managers.

FINDINGS

Key Findings & Discussion

Positive Aspects

Strengths observed across the workforce

Job satisfaction, work-life balance, communication with management, team collaboration, and managerial support all received mostly good ratings.

Needs Improvement

Areas requiring focused attention and action

Recognition programs and growth opportunities received mixed feedback, with some employees rating these as average – indicating room for improvement.

Overall Outcome

Summary of employee engagement level

Employees are moderately engaged and satisfied. With improvements in recognition and development opportunities, engagement can be further enhanced.

Made with GAMMA

ACTION ITEMS

Conclusion & Recommendations

Summary of Findings

The organization maintains a positive work environment with moderately engaged employees

Recommended Actions

Focus on recognition programs, growth initiatives, and career development to boost engagement
